

PLANET DETROIT AND OTHER NEWSROOMS

The story in the data is health access

0 of 27 Detroit builds mention environment, water, air or climate. The Detroit track offered environment as an option; no submitted build took it. The story here is health access: 13 builds, 7 with a demo you can open.

13 of 27

builds target health access; 0 mention environment, water, air or climate

THE ASK

A story, with builder contacts

Builders are credited by first name and last initial on each project page. The chapter will introduce you; it asks each builder before sharing a contact. Facts, quotes and share images are in the press kit.

THREE BUILDS TO LOOK AT

SisterCare Detroit

Breast-health navigation, with AI that runs in your browser.

Gina M. **Best Open-Source AI · Winner**

People's Choice

Hackathon prototype

<https://detroit.lovable.app/projects/sistercare-detroit>

AfterBirth

A postpartum guide that starts with a QR code.

QueenTesa F. **Best Lovable · 3rd**

Hackathon prototype

<https://detroit.lovable.app/projects/afterbirth>

Coverage Pre-Check

Tells you in plain words whether your plan covers a prescription.

Nikhil B. **Lovable · Honorable mention**

Hackathon prototype

<https://detroit.lovable.app/projects/coverage-pre-check>

Selection rule: Health-access builds with a public demo, ranked by award, then public links, then name.

Hackathon prototype: built in one day, not validated, not clinical, not endorsed.
